Secondaries

Affinity Purified and Antiserum

LAMPIRE has been developing and manufacturing a diverse line of high-quality secondary antibodies since 1979. Manufactured in-house, LAMPIRE experienced technicians can purify to custom specifications to fit your needs, at a competitive price. LAMPIRE secondaries are high in purity and specificity, whether you need small research sizes or bulk production.

Purified products and reagents are provided at 10 mg/ml in phosphate buffered saline (PBS) with sodium azide, unless otherwise specified. Lyophilization and other custom formulations are available upon request. Products are shipped refrigerated in liquid form, but may be shipped frozen. Additional charges for dry ice and custom formulations may apply. See our product listing or contact Customer Service for more information.

Features & Benefits:

- High purity
- Low cross-reactivity
- Customizable
- Manufactured in the USA
- Consistent quality standards
- Wide range of species
- Designated donor animals
- Lot-to-lot consistency
- Custom conjugates & fragments
- Research & bulk packaging

Applications:

- Lateral Flow Tests
- Immunoassays
- Flow Cytometry
- Assay Controls
- Western Blot
- ELISA

Format:

- Antisera
- Affinity Purified

THE LAMPIRE ADVANTAGE!

- ✓ **Experienced** technical partner with over 45 years servicing the life science industry
- ✓ **Knowledgeable** and responsive sales / customer service staff
- ✓ **Competitive** pricing, from research sized to bulk quantities
- ✓ **Customizable** products available to meet your specifications
