BIOLOGICAL LABORATORIES

45 YEARS **STRONG**

Mouse IgG

Affinity Purified

Mouse IgG

Affinity Purified

Your Source for High Quality Bulk IgG and Secondaries Antibodies

Mouse IgG is purified by trained technicians in Lampire's Pennsylvania based State-of-the-Art Bioprocessing facility. Our Quality approved raw materials are purified and then extensively tested to ensure the highest quality end product. In-house manufacturing and testing ensure lot-to-lot consistency at an affordable price. LAMPIRE can analyze batches to determine isotype distribution (IgG1, IgG2a, IgG2b and IgG3) to meet your isotype needs. Batches are available in both research and bulk volumes. LAMPIRE products ship to the EU and around the world.

Customization

We can provide customized buffer, concentration and/or bottling to meet your specialized needs.

Safety Stock

Everyone needs a Safety net!! Running out of critical components can halt Production and be devastating to a project. Lampire is here to provide custom safety stock for your most urgently needed raw materials.

Standing Order

Do you have a large project coming up and need a reliable source of material on a regular schedule? Set up a free no obligation standing order and have the items you need when you need them.

Bulk Reagents

LAMPIRE likes to reward our customers. If you have large scale production needs, not only can LAMPIRE accommodate, but we will provide you with a discount. The more you buy, the more you save.

Applications:

- Passive heterophilic blocker controlling false positives and negatives
- HAMA (human anti-mouse antibody) blocker in assays with mouse derived antibodies
- Prepare conjugates for immunoassays
- Immunogen to prepare anti-mouse IgG secondary antibodies and secondary antibody conjugates
- Negative control for flow cytometry, Western blotting, IHC, and immunoprecipitation applications
- Standard in assays to quantitate monoclonal production by ELISA
- Bead coatings to sort and separate cells

THE LAMPIRE ADVANTAGE!

Experienced technical partner
with over 45 years servicing
the life science industry

Knowledgeable and responsive
sales / customer service staff

Competitive pricing, from
research sized to bulk quantities

Customizable products available
to meet your specifications
